

Summary of National Priorities, other Key Partnership Targets and Policing Plan Regulations Requirements

Where it supports our principle of putting the Surrey Public First, we will demonstrate delivery against national priorities including the Public Service Agreements and the Home Secretary's Strategic Policing Priorities for the Police Service.

We are also committed to supporting targets delivered in partnership through the Local Area Agreement, the Surrey County Community Safety Agreement and the Local Criminal Justice Board. These priorities and targets are summarised below, together with a table highlighting where our targets support or contribute to these priorities.

Relevant Public Service Agreements (PSAs)

(See HM Treasury website for more details)

- **PSA 14** – Increase the number of children and young people on the path to success
- **PSA 23** – Making communities safer
- **PSA 24** – Deliver a more effective, transparent and responsive Criminal Justice System for victims and the public
- **PSA 25** – Reduce the harm caused by drugs and alcohol
- **PSA 26** – Reduce the risk to the UK and its interests overseas from international terrorism.

Summary of the Home Secretary's Strategic Policing Priorities (SPPs) for the Police Service for 2009-10

- Continue to increase public confidence in the police through tackling local priorities; also to reduce and prevent crime and anti-social behaviours and help tackle the problems caused by drug and alcohol misuse in line with PSA 23 and 25 and in a coordinated approach with other CJS partners to deliver an effective criminal justice response in line with PSA 24

- To work jointly with police forces and other agencies such as SOCA and UKBA, to ensure that the capability and capacity exists across England and Wales to deliver effective protective services, including tackling serious and organised crime
- To work with and through partners and local communities to tackle terrorism and violent extremism in line with the counter-terrorism strategy (CONTEST) and PSA26
- Work in all of the above, in line with the efficiency and productivity strategy for the police service, to ensure the best use of resources to deliver significant cashable improvements and more effective deployment on the workforce and to realise the benefits of new technology.

Summary of Key Partnership Targets

Local Area Agreement (LAA) Target Areas	
Indicator / Reference	Description
NI4	Percentage of people who feel they can influence decisions in their locality
NI 5	Overall satisfaction with local area
NI 7	Environment for a thriving 3 rd sector
NI 21	Dealing with local concerns about anti-social behaviour
NI 30	Prolific and priority offenders
NI 32	Repeat incidents of domestic violence
NI 36	Protection against terrorist attack
NI 141	Vulnerable people achieving independent living

For more detail, see www.surreycc.gov.uk

Local Criminal Justice Board Priorities

To improve local services to victims and witnesses by making the process as easy as possible for them, and to encourage more victims and witnesses to come forward.

To target persistent, prolific and potentially dangerous offenders in Surrey.

To increase the number of domestic violence cases that are prosecuted by ensuring an effective, quick and safe procedure is in place.

To ensure the right charges are brought against offenders, and at the right time

To increase the number of court trials that proceed on the day they are listed.

To increase the number of warrants that are enforced

To involve staff from all the criminal justice agencies in the Board's work, to help ensure that the local criminal justice system gives high quality service

To find out what matters most to local people and to effectively engage with the local community, particularly black and minority ethnic communities and other minority groups

For more detail, see www.lcjb.cjsonline.gov.uk/surrey

Surrey's Community Safety Agreement

We are working with Surrey County Council to support the delivery of their Community Safety Agreement, where appropriate. Cross-cutting elements include anti-social behaviour, reducing serious violent crime and reducing risk from terrorism.

Local Consultation

The 2009-12 Local Policing Plan has been drawn up taking account of those priorities for policing identified by Surrey residents. Authority members have considered the results of the 2008 Neighbourhood Policing Plan survey carried out by Surrey Police, as well as the results from the Surrey Police Authority survey, when setting this year's targets. Full details of the consultation results can be obtained from the Authority's secretariat.

Policing Plan Regulations – Other Requirements

Many of the requirements of the Policing Plan Regulations (2008) have been demonstrated in the main body of the Local Policing Plan and in the tables included within this annex. More information on those issues we have not included in our plan is set out below:

Policing Plan Regulation Requirement	Further Information
Action taken or action planned to address the findings from audit and inspection reports, or following direction from the Home Secretary	A number of bodies make recommendations to the Force and Authority following inspections and audits, including Her Majesty's Inspectorate of Constabulary and the Audit Commission. These are entered onto the Force Recommendations Database (FRD) which is used to track progress. Once a recommendation has been satisfactorily dealt with it is discharged from the active database. Live recommendations on the FRD are reviewed quarterly by the Force and the Authority's Audit Committee.
Information on planned increases in efficiency and productivity and how the Force proposes to meet any target set for increased efficiency and productivity	The Home Office's 'Efficiency and Productivity Strategy for the Police Service 2008-11' required forces to achieve efficiency savings of 9.3% based on their 2007/08 gross revenue expenditure, net of costs and some deductions, over the three year period indicated. For Surrey this target equated to £17.5m, and we are currently forecasting

	<p>efficiency savings of £17.3m over this period (as at February 2009).</p> <p>The Green Paper requires the Authority to agree ambitious local targets and to hold their forces to account for delivering sufficient improvements. The Authority has set a target for the period 2008–2011 of £17.5m. Progress against the Surrey Police Authority Efficiency Plan 2008/09–2010/11 will be monitored by the Authority’s Finance and Performance Panel.</p>
<p>Information on collaborative working between Surrey and other forces</p>	<p>The Force and Authority have continued to be involved in the South-East collaboration between Surrey, Sussex, Thames Valley and Hampshire to identify areas for joint working, particularly in protective services. Areas where there is considerable potential for further collaboration in the coming year include witness protection, forensics and air support. The region is also reviewing how it manages intelligence gathering and support for counter-terrorist activity.</p> <p>Surrey also collaborates with forces in the region in a number of ‘support’ services and takes advantage of national procurement frameworks, for example, in purchasing its fleet of cars, wherever possible. The Force and Authority will continue to seek opportunities to benefit from collaborative working.</p>
<p>Planned improvements in the delivery of protective services</p>	<p>The Force has developed a Protective Services Action Plan. The plan is a restricted document, but has been approved by the full Authority and will be scrutinised by the Controlling Crime panel.</p>

<p>Out-turn information for Statutory Performance Indicators (SPIs)</p>	<p>Details will be published on the Authority's website.</p>
<p>Equality and Human Rights</p>	<p>Both the Force and the Authority have published equality schemes that are available online or by contacting the Authority's secretariat. The Authority is working with the Force to ensure compliance with the Human Rights Act and appropriate scrutiny across relevant areas of Force business. Regular reports are made to the Authority's Professional Standards Panel.</p>
<p>Local Employment Targets for Under-Represented Groups</p>	<p>In line with the recommendation in the Government's Green Paper on Policing, the Authority is working with the Force and the Independent Advisory Group to set local targets relating to race and gender. These will be both ambitious and realistic and will be based on the most important issues for us locally.</p>

Summary of Local Policing Plan Priorities demonstrating how they support:

- Central Government Public Service Agreements
- Home Secretary's Strategic Policing Priorities for the Police
- Other Key Partnership Targets
- Results of local consultation
- Force level Strategic Assessment.

Policing Plan Target	PSA	SPP	LAA	LCJB	Consultation Priorities	Force Strategic Assessment
Increase public confidence in policing	PSA 24	✓	✓	✓		✓
Increase overall satisfaction with police	PSA 24	✓	✓	✓		
Civil contingency capability and preparedness	PSA 26		✓			
Control of Class A drugs supply	PSA 25	✓			✓	✓
Disrupt / dismantle organised criminal groups	PSA 23	✓		✓		✓
Serious violence and serious acquisitive crime reduction	PSA 23	✓			✓	✓
Improve effectiveness of forensic information	PSA 23			✓	✓	✓
Improve efficiency	PSA 24	✓				✓
Stabilise staff turnover
